All our products are crafted with beauty and eternity in mind. We believe that our paperweights should last for generations. They do not fade or colour over time and are cast with precision

The paperweights are made with crystal clear resin. All paperweights are cast individually by hand. Each order is bespoke and will be as individual as the life/memory it represents

## MULTI FLOWER DESIGNS

These designs are very popular for those wishing to preserve a selection of flowers for themselves or for loved ones as these encapsulate several of their main flowers.

Within these designs we can best replicate your bridal flowers, enabling us to encapsulate multiple flowers from your main bouquet.

There are five sizes; 3", 3.5", 4.5", 5" and the 6" show stopper.

All designs can encapsulate a different number of flowers, the largest being the 6" can encapsulate a vast selection of your main bouquet and several flowers of each dependant on the size.

All flowers come in different shapes and sizes and we can advise which size would best suit your flowers and budget clearer when they have arrived at our studios.

We can of course work within your budget and decrease the size of some flowers by removing outer petals or rebuilding the flower.

PRICES STARTING FROM £185.00

3.5" SINGLE FLOWER PAPERWEIGHT

# PRODUCT OPTIONS

Some things are personal and our charm beads could not fit the bill any more perfectly. They are small and delicate but hold the greatest value in the memories and blooms they contain. Using just a small selection of petals from the flowers of your choice we can create a treasure for you to wear daily or for occasions.

## FLOWER PETAL JEWELLERY

These charm beads can be purchased as an add on to any order or these can be purchased individually.

You have the option to choose the main colour, if this is not the same as the petal colours you will be sending in to us.

We use a small selection of petals, these are carefully freeze dried; in the same way if we were to preserve your entire bouquet. Once these are fully freeze dried we will take a small sample and incorporate these into your final bead.

There are two types of charm bead;

Block Colour: Your petals will be encased within a main colour of clay (of your choice). This is more of a full colour look overall & the petals will be less visible. \*MOST POPULAR\*

Transparent: Your petals will be encased within resin only. Colourings can be added depending on your preference.

Both types can include additional colour pigments and glitters if requested.

PRICES STARTING FROM £49.99

# FREQUENTLY ASKED QUESTIONS

## I WANT TO ORDER BUT WHERE DO I START?

Once you've set your date & once you've got your key suppliers and your venue sorted, we recommend booking your space with us.

We ask for a £99.00 non refundable deposit to secure your wedding date, this ensures we have the availability to accept your flowers after your wedding date. This window is from the wedding date up to 10 days.

## I WANT TO BOOK IN BUT I DONT KNOW WHAT FLOWERS I WILL BE HAVING YET

Most of our brides book in with us before they've decided this with their Florist, this is totally normal.

We recommend booking a space as soon as you can to avoid disappointment.

## HOW DO I KNOW WHAT SIZE I SHOULD ORDER?

This all depends on your budget and the style of keepsake you would like to have created.

We can guide you with this once your flowers have been received at our studios and we can advise which options would best suit your flowers and within your budget.

## CAN I VISIT YOUR STUDIO?

Our studio is open by appointment only so please get in touch via whatsapp, call or email to book an appointment.

## HOW LONG DOES THE PROCESS TAKE?

Your order will not take any more than six months to complete as long as full payment has been received.\*

## WILL MY ORDER CHANGE IN COLOUR OVER TIME?

We have been working with and preserving flowers for over 35 years and we can guarantee that our paperweights will not yellow or change in colour over time as long as the care instructions are followed.

We use the highest quality professional grade resin to encapsulate your flowers, this resin is only available to professional freeze drying artists.

## CAN I PURCHASE ANY OF THESE ITEMS AS GIFTS?

Yes of course, we often have brides purchasing our special offers (multiple paperweights) for the Mother of the Bride/Groom, Maid of Honour and/or relatives. We just need to ensure we have enough flowers to be able to fulfil these larger orders.

## COULD SOMEONE ELSE PAY TOWARDS MY ORDER?

Yes they can. You will need to provide this person with your order number and we can send a payment link online or we can take payment over the telephone.

## CAN YOU ARRANGE TO COLLECT MY FLOWERS FROM MY VENUE?

Yes, we can at an additional cost. Please enquire at the time of booking.

## HOW DO I SEND MY FLOWERS TO YOU?

There are two options:

\*DROP THEM INTO OUR STUDIOS BY MAKING AN APPOINTMENT

\* SEND THEM TO US VIA ROYAL MAIL  
\*\* RECOMMENDED & MOST POPULAR\*\*

If you or a relative are passing or local to us you can make an appointment to drop your flowers to us at our studios.

Our most popular option is to send your flowers to us in the post. We strongly recommend using Royal Mail Special Delivery by 1pm. This guarantees your parcel will arrive with us the next working day.

## WHEN SHOULD I SEND MY FLOWERS?

We recommend sending your flowers to us as soon as possible. Ideally within 2-3 days but we can accept flowers up to 10 days after your wedding.

## HOW DO I KEEP MY FLOWERS FRESH UNTIL I CAN SEND THEM TO YOU?

On the day of your wedding, ensure your bouquet is kept in water as much as possible (after the service).

The following day, cut all the stems diagonally, approx 1 inch and placed them back into fresh water. Keep them out of the direct sunlight at all times.

## DO I NEED TO SEND MY WHOLE BOUQUET?

We always recommend to send your whole bouquet, unless you have another use for it. This enables us to design your order based on your wedding bouquet but this also allows you more options for preservation. For example, if you choose to add to your order, you will have this added flexibility.

## SENDING YOUR FLOWERS TO US ..

We have a video on our website and also a 'How to Guide' on how to send your flowers to us.

### BRIEFLY

Cut all Stems diagonally by approx 1-2 inches

Wrap the stems (only) with damp kitchen/toilet roll

Wrap this with Cling Film

Place your bouquet into a padded tuppaware or cardboard box.

Carefully place the bouquet inside the box and recover with padding (raffia, tissue paper, kitchen/toilet roll or bubble wrap.

Insert order number and contact details.

Close parcel and send via Royal Mail

## ONCE I'VE RECEIVED MY ORDER, COULD I PLACE ANOTHER WITH MY LEFT OVER FLOWERS?

Most certainly. This happens a lot! Please contact us as soon as you would like to order and we can advise what flowers remain and what sizes/designs we can encapsulate for you.

These will be completed a lot quicker as the flowers would have already been professionally freeze dried.
